

Upper Peninsula Power Company

TITLE: Regional Distribution Engineer
COMPANY: UPPCO
LOCATION: Ishpeming, Michigan

REGIONAL DISTRIBUTION ENGINEER — join the team at UPPCO in Ishpeming, Michigan. UPPCO is a regulated electric utility delivering safe, reliable energy to about 54,000 customers in 10 counties of Michigan's pristine Upper Peninsula. Our assets include 7 hydroelectric renewable energy generation facilities that also offer public recreational opportunities on land and water, 2 combustion turbines providing a total generation capacity of approximately 80 megawatts, 3,300 miles of electric distribution lines, and 58 distribution substations.

As an UPPCO Regional Distribution Engineer, you provide engineering support, assist with power outage restoration, ensure electrical safety, and represent UPPCO in the local community.

SALARY. \$70,000 - \$95,000, based on your experience.

BENEFITS. UPPCO places great value in its members by offering a rich benefit and relocation package in exchange for your knowledge and experience.

WHAT YOU NEED TO BE SUCCESSFUL.

- Degree in Electrical Engineering, desired.
- Professional Engineer's license, desired.
- Experience in a technical role within electrical utility operations.
- Experience with project management.
- Knowledge of electrical utility distribution system design operations, planning and estimation.
- Advanced working knowledge of Microsoft Office Word, Excel, and Outlook.
- Strong attention to detail.
- Outstanding verbal and written communication skills as well as solid analytical and problem-solving skills.
- Ability to travel throughout the Upper Peninsula of Michigan, as required.
- Unrestricted right to work in the United States, required.

NO PHONE CALLS PLEASE.
